

# Establishing a New Fund

1

Identify your charitable purpose. To whom would you like to give?

2

Work with a FCF expert to decide on what type of fund you want to open.

3

Name your fund and sign a governing document (fund agreement)

4

Choose an investment option

5

Make your gift and make an Impact

Establishing a fund at the Fayette Community Foundation is a simple process. The donor and FCF identify the desired parameters and the Foundation develops a customized fund agreement incorporating a donor's intent. The fund is officially established once the agreement is signed and the funds are received by the Fayette Community Foundation.
