

A Lasting Legacy

How to make your gift:

1. Contact the Foundation

Help us prepare to fulfill your legacy. Notifying us of your intent and communicating your wishes prepares us to steward your planned gift. Contact us directly at 979-797-2181 or susannah@greaterfayette.com to start the conversation.

2. Define and Design Your Legacy

Greater Fayette Community Foundation is available to work in partnership with you to create your philanthropic legacy. We'll help you focus your vision by clarifying the issues most important to you. We'll also suggest which types of charitable funds are best suited to achieve the impact you hope to make and draft a legacy fund agreement to document your wishes. You will receive special recognition to inspire the next generation of philanthropists or you may opt out to remain anonymous.

3. Notify Your Professional Advisor

Your professional advisor can help you decide the best type of gift to fund your legacy. Gift types include gifts in wills or trusts, beneficiary designations, life insurance and personal property. Your professional advisors will also create or update any legal documents associated with your gift.

4. Engage With Us

Let us know how you would like to stay in touch with Greater Fayette Community Foundation. As a Key Society member, you have the option to learn about our community through email communications and events.
